Dry Run Worksheet

Service Design and Engineering 2026

Timing: 1 hour per team

End-of-meeting checklist

- ☐ We went through each presentation slide, making sure it is clear
- ☐ We went through all examples, making sure they are clear
- ☐ We went through all exercises, making sure they are clear
- ☐ We validated the timeline of your lab
- ☐ We checked that the proposed final mini-assignment is feasible for your peers to complete in ~20 minutes
- ☐ We checked that all of you will have a specific task before and during the lab
- ☐ We checked the status of the infrastructure (e.g. specific software, virtual machines, containers, web server, IDE for the selected programming languages et al)
- ☐ We discussed the Delivery checklist
